

Our Great Semi-Annual August Sale of Household Linens, Domestic and White Goods
Begins to-day and continues throughout the month.
Also a Special Sale of 1,000 Pairs Springfield Blankets at Less Than Mill Cost.

You will find on sale to-day and throughout the month the best productions of the Scotch, Irish and German linen patterns, before the rising tariff becomes a law. In mind that, in addition to a higher Linen tariff, we are also facing a rising Cotton and Wool market that will mean higher prices later. Every woman should see that all her wants are supplied before prices advance.

John L. Lewis & Co.
INCORPORATED
COME WITH THE CROWD TO-DAY.

that vessel in long-service condition. According to the orders of the Secretary of the Navy these repairs will be made at the Norfolk navy yard and will include a general overhauling of the entire vessel.

A Popular Appointment.

The appointment of Mr. H. F. Cary as general passenger agent of the Southern Railroad is a deservedly popular one. S. H. Hardwick discovered Cary when he was a boy in Georgia and realized at once that he possessed the making of a railroad man. He gave him a position in which Cary made good and has been successful in his position until he now heads the passenger service of the great Southern system.

Edwards Not Worrying.

Caleb Powers' announcement of his candidacy for Congress in the Eleventh district does not greatly disturb Representative Edwards. Powers has been talking for the position ever since he was in the New York legislature and Mr. Edwards' supporters were therefore not surprised. They predict that the Eleventh district will be a close one and that Mr. Edwards will turn out for Mr. Edwards for Mr. Powers.

Judge John D. Carroll, of the Kentucky Court of Appeals, and Mrs. Carroll are in the city to-night en route home from Atlantic City.

HIGH TRIBUTE FOR HARRY C. PULLIAM
BODY TO BE BURIED IN CAVE HILL TO-DAY.

BASEBALL MAGNATES WILL ATTEND FUNERAL.

ALL GAMES SUSPENDED.

The body of Harry Clay Pulliam, late president of the National League, arrived this morning at 11:45 o'clock over the Louisville and Nashville railroad, and will be taken to the undertaking establishment of L. D. Pearson & Son, at Third Avenue and Chestnut street, immediately upon arrival.

Harry W. Russell and J. Page Pulliam left last night for Cincinnati to meet the party in charge of the body, which consists of G. W. Cain, of Nashville, a brother-in-law of the late National League executive, and many of the Eastern baseball magnates, who are coming to Louisville for the funeral.

The funeral services will be held at Cave Hill chapel at 3 o'clock this afternoon, and will be conducted by the Rev. T. M. Hawes, pastor of the Highland Presbyterian church. The Elks' quartet will furnish the music at the funeral service. The active pallbearers have been chosen from among Mr. Pulliam's closest friends in this city, and are Dr. T. Hunt Spucky, Harry W. Russell, William B. Thomas, Robert W. Brown, Charles W. Dehler and Claude McFarlan.

The list of honorary pallbearers includes prominent baseball men throughout the country. Among them are Pulliam had been associated, and also several of his old Louisville friends. Included in the list are the following: Ban B. Johnson, president of the American League; John A. Heydler, secretary and acting president of the National League; John E. Brown, secretary of the National Baseball Commission; Barney Dreyfuss, president of the Pittsburgh Pirates; and many other baseball celebrities who will attend the funeral.

The great popularity of Mr. Pulliam is shown by the large order received by local florists for flowers and designs to decorate his grave. Garry Herrmann, president of the Cincinnati baseball club, ordered three designs, one for himself, one for the National Baseball Commission and one for the Cincinnati club. Practically every baseball club in organized baseball has ordered flowers in abundance.

There will be the largest gathering of celebrated baseball men ever held in this city at the grave this afternoon. Several of the prominent members of the National League clubs will be present. John T. Brush, president of the New York club, cannot be present on account of his having sailed for Europe a few days before the tragedy occurred. The Louisville and Minneapolis American Association teams and officials will attend the funeral, the game scheduled for to-day being played in a double-header yesterday by agreement. As a tribute to the memory of Mr. Pulliam, there will be no games in the National and American leagues to-day.

Pulliam's Friends Leave Pittsburgh.
Pittsburgh, Aug. 1.—President Barney Dreyfuss, Secretary William Loeke, Manager Fred Clarke and several members of the Pittsburgh baseball club, left here at 10 o'clock to-night over the Pennsylvania Railroad for the funeral train bearing the body of Harry C. Pulliam, former president of the National League, Secretary John A. Heydler, of the National League, accompanied by the body here from New York, and left with the party from this city to attend the funeral to-morrow.

SLAYER OF DR. LUK WING HELD IN THE TOMBS.

New York, Aug. 1.—Wong Bow Chung, as he has been identified, Matuda Wong, as he insists on being named, the undermanned Americanized Chinese cook who shot and killed the Vice Consul, Dr. Luk Wing, yesterday, was arraigned before the Coroner to-day and committed to the Tombs to await the result of the inquest to be held next Wednesday. If he has friends, none called on him today, and he has asked for no one.

What scanty information the police can gather about him is wholly to his discredit.

ALEX. HOUSE DEMOCRATIC

Says Champ Clark, On the Tariff Issue.

Republicans Refused Pairs To Opponents.

Senate Expected To Finish Early This Week.

DEBATE TO BE CUT SHORT.

Washington, Aug. 1.—[Special.]—Representative Champ Clark, of Missouri, the Democratic House leader, believes the Democrats will carry the next House. "If the election were held this fall," said Mr. Clark to-night, "we would have a Democratic majority as big as that which was sent to the Fifty-second Congress—142. There is no reason why the situation should change. The new rates imposed are astounding. Prices are bound to go up and the cost of food and clothing will continue to soar.

"The only reason the American people tolerate such a high tariff at all is because no one under 60 years of age can remember anything that happened under the old system ending with the Civil War. The present tariff has become a bad habit, and I think the people will realize it by the time the next election rolls around. The vote yesterday demonstrated that the Democratic party is united. On the test vote—the motion to recommit—we lost but one Democratic vote; on the final vote we lost but two. There has never been a tariff vote when the party was so unanimous.

Two Absent Democrats Unpaired.

Only two Democrats in the House were absent and unpaired in the House votes on the tariff bill yesterday. They were Hobson of Alabama and Wilson of Wisconsin. Both telegraphed trying to arrange pairs, but the Republicans would not pair, and the two votes were lost. Had they been present the Republicans would have had but three majority on the motion to recommit. It is fortunate for two Congressmen that their votes would not have affected the result, for had the motion to recommit been lost on account of their being absent the tariff bill would never have gotten out of committee, and the Republican party would have acknowledged itself incompetent to deal with the tariff question. It was a close call, but, of course, five is as good as fifty.

Vote Shows Dissatisfaction.

However, the vote demonstrates the widespread dissatisfaction with the measure, especially among the Republicans of the Middle West, who had promised tariff revision to their constituents, and must now go back to them and confess that the law cannot be modified through the Republican party and must wait until the next Congress.

This will be the burden of the closing speeches in the Senate this week, and the insurgent Republicans, led by Cummins and La Follette rather than the Democrats, will occupy most of the time in pointing out Republican failure to redeem campaign promises.

Maximum and Minimum Worst Feature.

The worst feature of the new tariff bill is admittedly the maximum and minimum schedule. If it is found after next March 31, are increased one-fourth. Probably England will be the only country to escape it. Germany and France, for example, would have to be willing to reduce their export bounty, and it would seem that it will be applied to Canada on sugar, Brazil on coffee, and so on.

Indications There Will Be No Delay In Senate.

Washington, Aug. 1.—Unless something happens to provoke heated discussion of a political character, the new tariff bill should be enacted into law and the extraordinary session of Congress adjourned before the end of the present week. Inquiry among Senators opposed to the adoption of the conference report on the Payne-Aldrich bill indicates that delay will be extended as it is threatened to be before the conference report.

The Senate will meet at 10 o'clock to-night, and the debate will probably begin at that hour each day and will continue until 6 or 7 o'clock daily until the report is adopted. If it is found that some Senators desire to speak than have already given notice, it is possible that evening sessions may be held.

Aldrich in a Hurry.

Senator Aldrich is determined that the conference report shall not be carried over into next week. He does not expect to occupy very much time himself. He said to-day that he would not filibuster against its adoption. Senators Daniel and Bailey, members of the Committee on Finance, will speak at length against the adoption of the conference report, and the opposition to the new tariff bill.

Some of the Senate leaders predict that the vote will be 50-50 on the conference report as early as Thursday, and that the special session of Congress can be brought to a close on Friday.

Patent Treaty.

Between United States and Germany Goes Into Effect.

Washington, Aug. 1.—A reciprocal patent treaty between the United States and Germany, which is of far-reaching importance to the commercial world, was simultaneously promulgated at noon to-day by President Taft and the Emperor of Germany. The agreement is immediately effective and shall remain in force until the expiration of twelve months following notice of termination by one of the contracting parties.

The effect of this convention will be that American manufacturers will be relieved of the existing requirements that they must apply for patents in Germany to protect their inventions there. The agreement is immediately effective and shall remain in force until the expiration of twelve months following notice of termination by one of the contracting parties.

Inventors will greatly benefit from the fact that the treaty relieves them from the German restriction under which their patents have hitherto been forfeited if not actually worked in Germany within three years; under the new provision it will be sufficient to perfect patents in both countries if they are used for manufacture in either.

Will Wait on Senate.

President Won't Leave Until Tariff Bill Becomes Law.

Washington, Aug. 1.—President Taft will not leave Washington until the tariff bill becomes a law, and no one predicts the passage of the bill through the Senate prior to Thursday night at the earliest. After signing the bill the President will wait for the Senate, where he will have a stay of something more than five weeks before starting on his long trip through the West and South.

The Senate having retained the appropriation bill for the President's traveling expenses, only one obstacle remains as a possible bar to the trip. That is Mrs. Taft's health, and if she continues to improve as steadily as she has since leaving her residence at the summer cottage, the President's trip will be assured.

Control of the First National.

(Continued From First Page.)

ing about this important deal belongs to James B. Brown, the youthful president of the First National Bank. Mr. Brown, it is said, was highly complimented by the Controller of the Currency in Washington for the splendid manner in which he has, under unfavorable circumstances, managed the affairs of the First National Bank since he was placed at its head, hardly more than a year ago.

The full text of the official statement issued at the meeting, and explaining the situation thoroughly, follows:

Official Statement.

A meeting of the stockholders of the First National Bank has been called for the first day of September to consider various matters that will be presented to the stockholders looking to a change in the position of the bank.

The First National Bank was one of the first national banks organized west of the Allegheny mountains. It was a close call, but, of course, five is as good as fifty.

Vote Shows Dissatisfaction.

However, the vote demonstrates the widespread dissatisfaction with the measure, especially among the Republicans of the Middle West, who had promised tariff revision to their constituents, and must now go back to them and confess that the law cannot be modified through the Republican party and must wait until the next Congress.

This will be the burden of the closing speeches in the Senate this week, and the insurgent Republicans, led by Cummins and La Follette rather than the Democrats, will occupy most of the time in pointing out Republican failure to redeem campaign promises.

NEW ADVERTISEMENTS Financial and Commercial

MONETARY.

Principal Evening, July 31.—Changes in the principal items of the New York bank statement for this week were very small. The average of the New York banks was \$1,200,000,000. There was a loss in cash of \$100,000,000 and an increase in deposits of \$800,000,000. There was an increase in loans of \$1,000,000,000. Other than a decrease in time loans, the New York money market showed no important change during the week. Call money ruled below 2 per cent. The position of New York exchange does not indicate New York will lose and to the interior in the near future. Generally speaking money conditions are very comfortable, and there seems to be no likelihood of any change soon.

GOOD OUTLOOK FOR PURCHASES OF MERCHANDISE.

Abroad comfortable conditions obtain. The bank of England is carrying the highest rate for this season. The export trade is showing a large exportable surplus together with foreigners taking more interest in American securities. The exchange is showing a slight improvement in the local market. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market.

PLENTY OF CHEAP MONEY.

(Correspondence of the Courier-Journal.)

New York, July 31.—July closed with all the financial markets showing persistent strength. There is no abatement in the optimism which has now prevailed for several weeks. In fact, it has become more pronounced rather than otherwise. This feeling is based upon a general recognition of sound conditions in the volume of trade. We have become accustomed to measuring business by values, and in many cases the records of comparison already show increases over the previous year. This method of comparison, however, is somewhat misleading, as the volume of trade is measured by quantity rather than value. It is seen that in many respects the volume of trade is not so weak as it is rapidly approaching that year, and in exceptional instances passing it.

Chief Activity in Steel.

The steel trade is unquestionably leading all other lines in point of activity at this time. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market.

Dividends and Manipulations.

Expectations of higher dividends now appear to be the order of the day. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market.

Favorable Crop Reports.

Advices concerning wheat and corn continue to be of a most encouraging nature. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market. The market is showing a slight improvement in the local market.

The Tariff.

The tariff bill at this writing is expected to be immediately reported. It is expected that the tariff will be reported. It is expected that the tariff will be reported. It is expected that the tariff will be reported.

Large-Sized Immigrant.

(New York Globe.)

When George Dolling stepped off the ferryboat Ellis Island, there was a gasp of astonishment among a group of gatekeepers and immigration employees gathered on the pier. George stands about six feet high, weighs 275 pounds, and is a native of Ireland. He is a native of Ireland. He is a native of Ireland.

MAID OF ATHENS.

(Judge's Library.)

Maid of Athens, we part, Never mind about my heart. Give, oh give me back the ring. And each fair, expensive thing. That I sent you, and each note. Which in those dead days I wrote. They are what the jury says. Indicate the damages.
